

Contract No. ND/2019/05 Fanling Bypass Eastern Section (Shung Him Tong to Kau Lung Hang)

Temporary Traffic Arrangement

Relocation of Fanling Highway Bus-Bus Interchange

To facilitate viaduct construction for Fanling Highway Bypass (Eastern Section), the current bus-bus interchange at southbound Fanling Highway (To Kowloon direction) will be relocated to the newly constructed temporary bus-bus interchange with effect from **01:00am on 7 October 2023**.

The diverted routes for vehicles and pedestrians are shown as below figure. Our construction team will provide temporary traffic signs and road marking to guide the motorist and pedestrians.

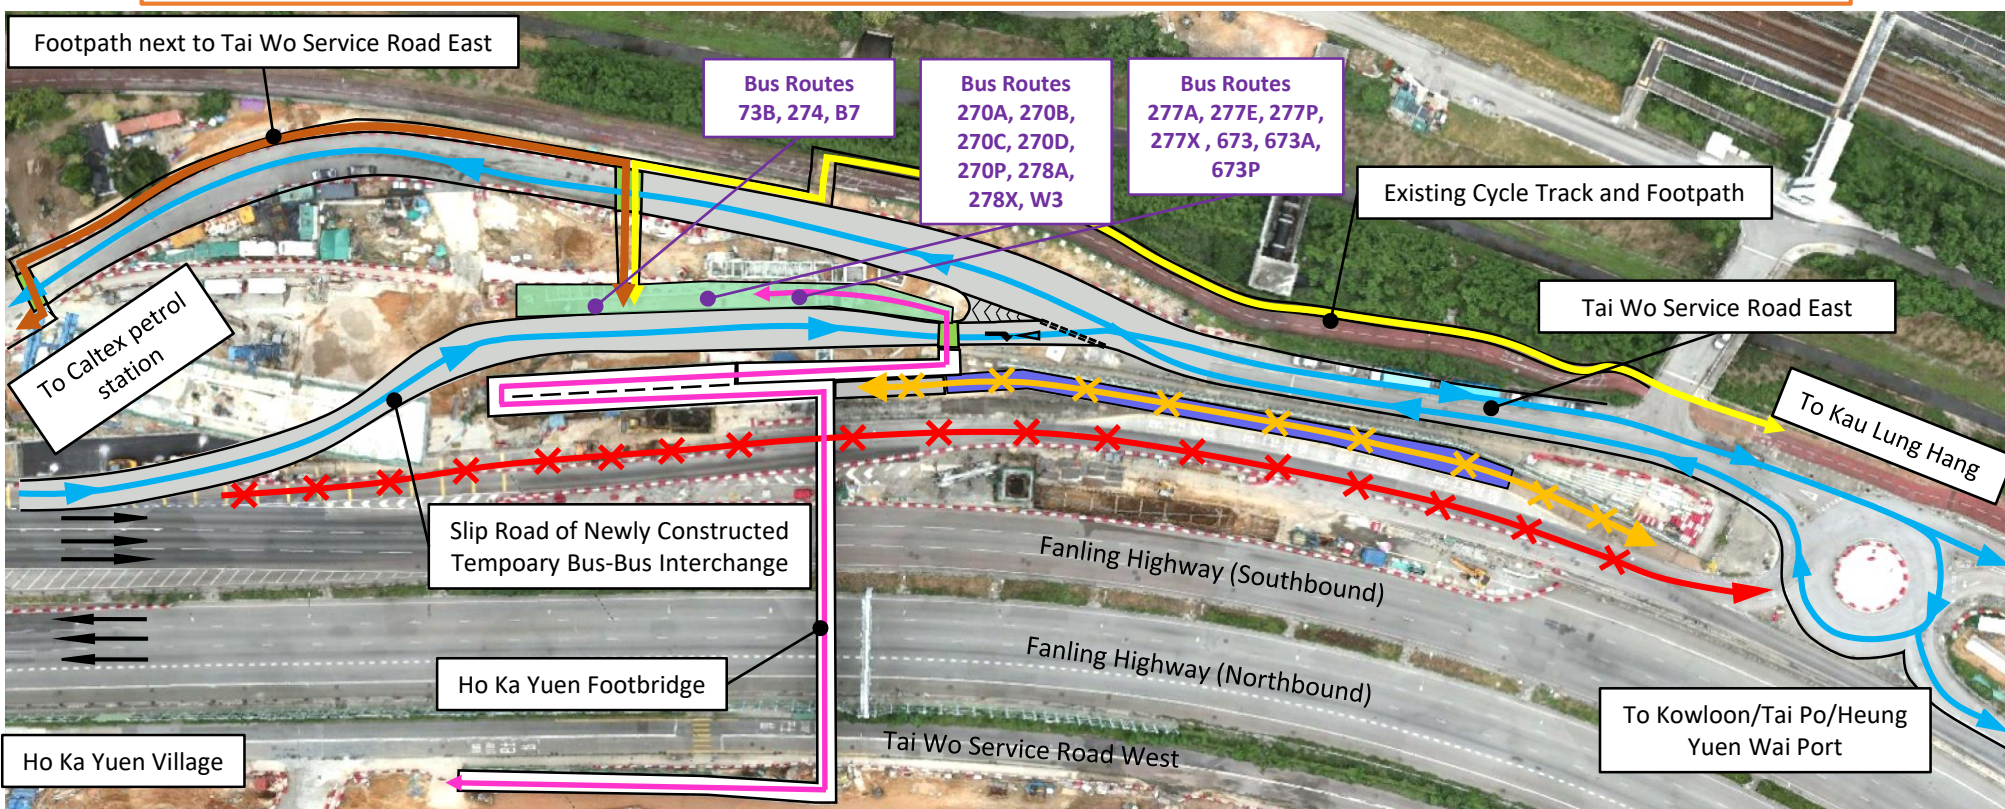

Pedestrian Route:

- 1) Pedestrians from Tai Wo Service Road West heading to the newly constructed temporary bus-bus interchange should access via the Ho Ka Yuen Footbridge and the pedestrian crossing located at the slip road to the bus-bus interchange.
- 2) Pedestrians from Caltex petrol station or Kau Lung Hang heading to the newly constructed temporary bus-bus interchange should access via the footpath next to Tai Wo Service Road East and its pedestrian crossings.

Vehicle Route:

- 1) Vehicles heading to Kau Lung Hang, Tai Po, Kowloon or Heung Yuen Wai Port should access via the slip road of the newly constructed temporary bus-bus interchange, right turn to Tai Wo Service Road East and Tai Wo Service Road East roundabout in accordance with temporary traffic signs and road marking.
- 2) Vehicles heading to Caltex petrol station should access via the slip road of the newly constructed temporary bus-bus interchange, right turn to Tai Wo Service Road East and Tai Wo Service Road East roundabout and return back to Tai Wo Service Road East in accordance with temporary traffic signs and road marking.

Current Fanling Highway Bus-bus Interchange will be relocated to the newly constructed temporary Bus-bus Interchange with effect from 01:00am on 7 October 2023
